MAY 24th WEBINAR

Pulmonary Effects of Combat Theater Exposures

Presented by Ron Teichman, MD, MPH, FACP, FACOEM

Tuesday, 1:00pm to 2:30pm EST

PURPOSE:

Provide VHA health care providers and administrative staff with an understanding of the concerns Veterans have about their environmental exposures during their military service. Most clinicians have not been educated to recognize potential exposures in military service nor their health effects. This webinar is designed to close this gap and represents an introduction to this key, but often neglected area of Veteran health care.
