

# Participants Needed for Research Study to Test Treatment for **Bipolar I Disorder**

Stanford School of Medicine  
Veterans Affairs Palo Alto Healthcare System  
Bipolar and Depression Research Program  
3801 Miranda Ave. Building 4, Rm. B331, Palo Alto, CA 94304

Have you been struggling with bipolar disorder?

Are you at least 18 years of age?

Have you experienced the following:

- \* Extreme highs and lows?
- \* Taking on more projects than you can handle?
- \* Sleeping very little?
- \* Having too many ideas to keep track of?
- \* A sudden increase in energy?

AND

- \* Depressed Mood?
- \* Low energy?
- \* Loss of enjoyment in previous interests?
- \* Changes in sleep or appetite?

Have these symptoms made it difficult to keep jobs or relationships?  
You may be experiencing symptoms of Bipolar Disorder.

Qualified participants will receive investigational medication and study-related medical evaluations at no cost, as well as financial compensation for travel and related expenses.

This study will take place at the Veterans Affairs Hospital in Palo Alto.

This study is open to the general community, veterans, and active duty military.

For general information about participant rights, contact 1-866-680-2906.
