WEBINAR

Addressing Social Obstacles to Change: *The Intersection of Epidemiology, Neurobiology, and Clinical Practice with Veterans*

Thursday, June 21, 2012, 12:00pm to 12:50pm

This webinar will provide VA clinicians with information and tools to **address social determinants of health** and how they impact overall health and wellbeing for Veterans. This will occur by first showing the relationship between social environment and health outcomes then providing examples of how knowledge of social obstacles to change can be applied to improve person level health care interventions (i.e., in clinical practice).

PRESENTERS:

- ▶ Katharine Bloeser, LICSW Social Worker, War Related Illness and Injury Study Center, Veterans Affairs Medical Center, Washington, DC
- ▶ Kelly McCoy, PsyD Neuropsychologist, War Related Illness and Injury Study Center, Veterans Affairs Medical Center, Washington, DC
