

**THE WAR RELATED ILLNESS AND INJURY STUDY CENTER (WRIISC)  
ANNOUNCES COMMUNITY AND VA PROVIDER ACCREDITED E-LEARNING:  
CONTINUING EDUCATION TRAINING @ <http://www.train.org>**

**The War Related Illness and Injury Study Center (WRIISC)**, a national program and foundational service of Post Deployment Health Services (PDHS) within the Veterans Health Administration, is pleased to offer the next Module in our Post Deployment Health “ON Demand” training curriculum which are available at no cost to community providers. These trainings are designed to equip community affiliates with the knowledge needed to address Veterans unique health concerns and provide recommendations for Veteran care and management via one of the most widely used national learning management platforms, the Training Finder Real-Time Affiliate-Integrated Network (TRAIN, website: <http://www.train.org>). Continuing education credit for VA and community providers is offered and accredited by the following disciplines: ACCME, ACCME-NP, ANCC, APA, ASWB, NYSED and NBCC.

**OUR LATEST E-LEARNING MODULE 4: “CHRONIC MULTISYMPTOM ILLNESS,”** offers healthcare professionals an opportunity to gain insight into chronic multi-symptom illness including the incidence in civilian and military populations, defining characteristics and the latest resources and management strategies to consider for care.

- **On TRAIN:** ID: 1084440 - [WRIISC Mod 4: Chronic Multi-symptom Illness \(CMI\)](#)
- **On TMS:** ID: 38029 - [WRIISC Mod 4: Chronic Multi-symptom Illness \(CMI\)](#)

**Other Exciting Modules in this Series Include:**

**Module 1: “ASSESSING DEPLOYMENT RELATED ENVIRONMENTAL EXPOSURES,”** intends to increase clinician knowledge and to inform learners about how to recognize the role and importance of deployment related exposure assessment, identify steps for determining deployment related environmental exposures, provide available post deployment health resources, and describe approaches to communicating deployment related exposure issues to Veterans, their caregivers, and their family members.

- **On TRAIN:** ID: 1070234 - [WRIISC Mod 1: Assessing Deployment Related Environmental Exposures](#)
- **On TMS:** ID: 33195 - [WRIISC Mod 1: Assessing Deployment Related Environmental Exposures](#)

**Module 2: “AIRBORNE HAZARDS,”** provides clinicians with the knowledge needed to identify and understand deployment-related airborne hazards concerns of Veterans.

- **On TRAIN:** ID: 1070422 - [WRIISC Mod 2: Airborne Hazards](#)
- **On TMS:** ID: 33405 - [WRIISC Mod 2: Airborne Hazards](#)

**Module 3: “GULF WAR ILLNESS,”** provides health care providers with the knowledge needed to identify, diagnose, manage and appropriately treat Gulf War illness in Veterans and to become familiar with and be able to apply the VA-DoD Clinical Practice Guideline for Chronic Multi Symptom Illness as it can be applied to Gulf War Illness.

- **On TRAIN:** ID: 1074205 - [WRIISC Mod 3: Gulf War Illness](#)
- **On TMS:** ID: 34572 - [WRIISC Mod 3: Gulf War Illness](#)

Our curriculums are designed to ensure that both VA and community providers both learn of, and increase their expertise in, issues which are unique to Veteran care. Subsequent e-learning education modules in the series focus on Depleted Uranium, Embedded Fragments and non-deployment exposures.
