USEFUL RESOURCES
FOR VETERANS, SERVICE MEMBERS, AND THEIR FAMILIES

Here is a collection of some reliable websites you can visit for health information. Many of these are directed specifically to the Veteran or military population.

GOVERNMENT SITES

- Department of Veterans Affairs (VA)  
  http://www.va.gov  
  VA provides links to Veteran-related issues and concerns.

- Office of Public Health, Washington, DC  
  http://www.publichealth.va.gov  
  This office coordinates programs and services for Veterans regarding environmental exposures encountered during military service.

- War Related Illness and Injury Study Center (WRIISC)  
  The WRIISC evaluates Veterans with post deployment health concerns and chronic symptoms without medical diagnosis. This website contains a variety of resources on general health topics and post deployment illnesses.

  http://www.oefoif.va.gov  
  VA provides links for returned service members.

- VA Women Veterans  
  http://www.womenshealth.va.gov  

- VA Caregiver Support  
  http://www.caregiver.va.gov  

- Army Public Health Center (APHC)  
  http://phc.amedd.army.mil  
  Here, you can find a surplus of health information and other services. This is a world-class provider of public health services across the Department of the Army (DA) and Department of Defense (DoD).

- Deployment Health Clinical Center Health Information website  
  http://www.PDHealth.mil  
  This website is a resource for clinicians, Veterans, and their families. Its goal is to create a trusting partnership between military men and women, Veterans, their families, and providers to ensure high quality care.

OTHER GOVERNMENT SITES

- National Academies of Sciences Engineering Medicine- Health and Medicine Division (HMD)  
  http://nationalacademies.org/HMD  
  The Health and Medicine Division (HMD) produces reports on the health and protection of deployed military forces and Veterans. This site provides information about work in this area, including summaries and recommendations from past reports, as well as explanations of chemical and biological agents, and links to ongoing projects.

- National Institutes of Health (NIH)  
  http://health.nih.gov  
  The NIH provides a list of health topics, references for research and current studies, and links to other health-related sites.

- Centers for Disease Control and Prevention (CDC)  
  http://www.cdc.gov  
  This website provides information on environmental health concerns. Environmental health at CDC strives to promote health and quality of life by preventing or controlling those diseases or deaths that result from interactions between people and their environments.

- MedlinePlus  
  http://medlineplus.gov  
  This website provides a searchable database on health topics and information. It is sponsored by the US National Library of Medicine and the National Institutes of Health.
• Healthfinder®  
  http://www.healthfinder.gov  
Healthfinder® is an award-winning Federal website, developed by the U.S. Department of Health and Human Services together with other Federal agencies. Since 1997, Healthfinder® has been recognized as a key resource for finding the best government and nonprofit health and human services information on the Internet. Healthfinder® links to carefully selected information and websites from over 1,800 health-related organizations.

Social Security for Veterans  
http://www.socialsecurity.gov/people/veterans  
This site provides information about Social Security, why it is important, and some of the services provided for Veterans.
